With Triple Setts of Crushers and Double Grinding "urfaces, the upparatelled success of the Little Giant during more than three years, time, induces the Proprietors to consider it no longer an experiment, but a paymanent and most decided tence, and the demand for it was commensurate with its excellencies. Like all other articles, however, of emissions are structured attention, it was soon baset with a crowd of opponents detractors and initiators, all eager to son themselves in the sunshine of its reputation, and with as much vitality, apparently, as if possessed with the nine lives of the cat. There is not one of the Little Giant's imitators which it has not bearten, whenever and whatever a fair test and trial has been obtained; and not one that dare most it fair and square in trial of merits at this present time.

At the State Fair of the following States, the past season, the First Promium was awarded the Little Glant, viz:-IOWA, MISSOURI,

KENTUCKY. Appended is an extract from a Report of the trial at the Iowa State Fair, at Muscasion, on the 16th of October last:

"The Corn and Cob Mills were represented by the Little Giant, Excelsion Young America, and Star Mails, and an animated contest took place for the set of silver plates which had been placed at the disposal of the Society by James B. Chadwick, of St. Louis. In fifteen revels tions, with same team and quality of Corn, the Mills ground as follows:

The "Little Giant,"

One and three-fourths bushes Corn and Cob Meal.

"Excelsion Young America,"

Excelsion Young America, "Excelsion has bushed." the 19th of October la

"Star Mill,"

Five-off-ulst of one bushed the Committee unanimously awarded the premium to the "Little Glant,"

SOME OF ITS MANY ADVANTAGES ARE:

1. Increased capacity, with diminished diameter, by the use of double cones, thus econoperceptible; even after grinding many thousand bushels.

2. No oil or grease is required on any part of the machine, thus avoiding the possibility of damage by careless attendance.

 The Lever is attached to a separate piece or "driver," thus relieving the Mill from irritation caused by the weight of levers, and irregular strains when they are attached directly to the grinding shell, as in other Mills. 6. The substitution of a strong box in place of legs, thus removing the liability of breakage of legs, and, at the same time, furnishing a safe reservoir for meal, without additional expense or

5. The superiority of the cob breaking and crushing evrangement, enabling us to do a large portion of the work near the centre of the Mill, thereby saving power.

6. The great strength which is secured by the peculiar shape and arrangement of the whole, together with freedom from breakage or damage to the grinding parts, when nails, sticks, bricks, pebbles, or other hard substances liable to be found among corn, accidentally find their way into the Mill—a perfection arrived at from long experience in the composition of metal for this particular use,

7. Last, but by no means least, it is not injured by being allowed to run empty.

To give the farmers some idea of the durability of this Mill we give one certificate from amongst the thousands which we receive of equal merit and from men of the highest standing. Read the following:

BUTTALO FURNACE, GREENUP CO, KENTUCKY, MATCH 11, 1007.

Hedges, Free & Co. (successors to Scott & Hedges,) Ginesmati, Ohio.

GENTA:—Please send us by Steamer Sciota, one of your fifty dollar Little Giant Mills and charge to our account, We got a piece of Pig Iron into the mill purchased from Messes, Scott & Hedges last year and broke it. It had ground 22,000 bushels of corn and cob meal, and when we broke it, it was doing just as good work as ever. Please send immediately, and oblige yours

A. E. VANDYKE & Co.

This Mill is also furnished with an extra set of grinders for grinding oft corn. Any person wishing a Corn and Gob Mil with please address their order to Francis Weston, Augusta Carrell county, Ohio; who will furnish them with a mill at the shortest notice, and if the mill does not grind as well as is represented in this notice the buyer is not asked to keep it. Wonly ask the people to try our mill before buying classwhere.

FRANCIS WESTOM.

SALE OF REAL ESTATE. On the 4th day of December, 1858, at 1 O'clock in the afternoon, at the door of the Court house, in Carrollton Carroll county, O., will be sold to the highest bidder, the undi ranged Books
